

# Green Solutions

**CJ Services makes every effort to promote environmental best practice within the retail marketing industry. Working with retailers, brands and design agencies to reduce the environmental impact throughout the POP lifecycle we also work to:**

-  **Reduce energy consumption at head office**
-  **Improve fleet fuel efficiency**

-  **Reduce travelling for training/vehicle loading**
-  **Increase office waste recycling**

## What we recycle...

**Plastic Facia**  
recycled into plastic pens

**MDF header board**  
used to fuel UK power stations

**Aluminium side panels**  
recycled into window grills

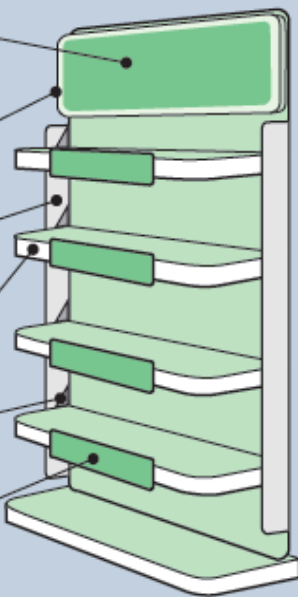

**Plastic shelf edges**  
recycled into garden furniture

**Steel brackets**  
recycled into fencing

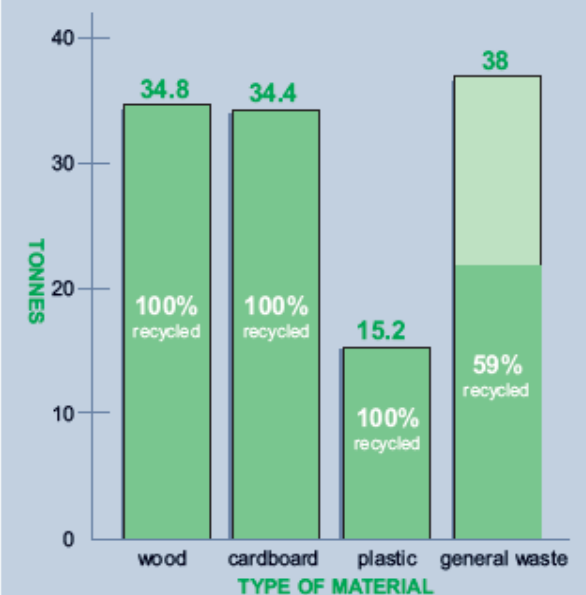

**Perspex graphics**  
recycled into floor coverings

## The recycling process...

## CJ Services' recycling results...
